- Support:
- BORDUM is a writing strategy and should be applied to the 20 mark question in foundation/higher writing paper and the 28 mark question in the higher writing paper.
 1. First, analyse the question (find cognates, words you know, then use inference to figure out what it is likely to be asking you).
 2. Identify which tense each question is in.
 - 3. Then, plan an answer using **BORD**:
 - Basic answer
 - opinion (me gusta, no me gusta, me encanta, odio, me chifla..)
 - reason (porque/ya que/dado que es/son...)
 - development (Complex language, alternative opinion, comparison with a different tense)
 - 4. Remember to include 3 tenses across all your answers.

You should use this strategy when completing the writing past paper questions - 20 and 28 mark (higher only) questions from the website. If you want me to mark your answers, take a picture and email Miss Brunt/Mr Lunn and we will mark and feedback to you 😊
