

Literacy

Describe in your own words the word **perpendicular**

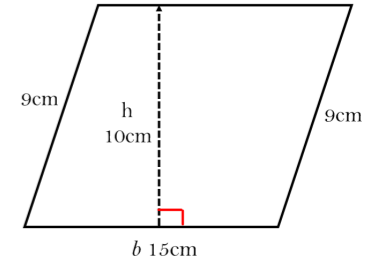

Research

Find 5 items that must built perpendicular to the ground if the ground is flat and not on a hill.

Memory

$$\text{Area of triangle} = \frac{\text{base} \times \text{height}}{2}$$

$$\text{Area of parallelogram} = \text{Base} \times \text{perpendicular height}$$

Skill 1

Calculate the area of each triangle.

a **b**

c **d**

e **f**

Skill 2

a **b**

c **d**

e

c ***d**

Stretch

Work out the coloured areas of these

a

b

***d**
